JOSIAH TURNER, Jr., EDITOR.

CUFFEE LEAVING VIRGINIA.

The exodus of negroes from Virginia amounts almost to a depopulation. The Richmond *Dispatch* approves of it, taking a very philosophical view of the matter. It thinks the blacks are following an inexorable destiny in trotting Southward, and it bids him good-bye with much polite compliment.

The *Dispatch* thus comforts itself:

The effect of the departure of the colored race from Virginia cannot but be beneficial in increasing the power and consideration of the State. It will be succeeded—and probably at least as rapidly as it departs—by white immigration, and that will give to the State a superior kind of industry and mechanical skill. The labor that will take the place of that of the blacks will be far more intelligent, and the laborers will be more thrifty, and by their rapid accumulations—the acquisition of lands and the consequent improvement of them—greatly increase the common wealth. The contrast between the thrift and general improvement of the country under the sagacious and provident industry of the white man, and the very best condition that may be secured under that of the black man, must be very great, and the general advantages to the State of the former over the latter, can hardly be exaggerated. The exchange of the labor we have for that we look for, cannot be too much bewailed.

Now the prospect is that Virginia will, in a term of years, be all white; that she will be in the highest condition of social energy and political power; that her labor and mechanical skill will be of the most capable and intelligent kind; that her incomparable advantages of climate, soil, motive power, and mineral riches, will be brought to the highest state of usefulness; and that she will become, perhaps, the most flourishing State in the Union.

HON. A. H. STEPHENS.—We have seen (says the Macon *Telegraph*) a letter from this gentleman, dated Crawfordsville, 17th instant, in which the writer says:

"I am now a little better than I have been—I am able to sit up, read and write a little; but I cannot walk or even stand without assistance.

"Please accept my thanks for the interest you manifest in my well being, both physical and spiritual. Be assured I am perfectly resigned to the will of God in all my afflictions. I endeavor, with the patience of Job, to bear whatever awaits me under His dispensation; and with a full faith in His mercy, through the atoning mediation of the Redeemer; and also further, with a firm belief that "all things work together for the good of those who love God" and put their trust in Him.

"A leading object with me for years, indeed from early youth, has been so to live—so to conduct myself in all things—so to discharge, by the assistance of Divine grace, all the duties of this probationary term—as to be ready to leave this sphere of existence for another, a brighter, and a better one, whenever the summons for my departure may come. This world, however much I may have been engaged in its active scenes during my day, has never had any real attractions for me. I have, it is true, taken a deep interest in them, but at all time more from a sense of duty than from any other consideration.

"I now feel a deep interest in what is going on in our State, and in reply to your inquiry on this subject, all I can say is, that if I utter no word to the public, and take no part, even feeble as I am, it is only because I do not see that anything I could say or do could possibly effect any good.—God, in his infinite mercy, only knows what is to become of this country and its institutions.

"I can say no more now except to repeat my thanks for your letter, and return to you my best wishes now and forever.

"Yours truly,

"ALEXANDER H. STEPHENS."

CUBAN SUGAR.—Returns show that, spite of the insurrection, the amount of sugar in stock at Havana, December 31, 1869, was quite as large as at the end of the year, 1868. Here are the figures for receipts and clearances of sugar in Havana: In 1868—1,430,000 boxes; in 1869—1,348,000 boxes; stock on hand at the end of December, 1869, 54,208 boxes, against 23,000 in 1868, and 17,000 in 1867. The decrease in shipment of boxes from Havana and Matanzas in 1869 is compensated by a larger export than usual of hogsheads. These figures are given to show that the insurrection is not so formidable as it has been represented to be. It is confidentially asserted in Havana that there will be no falling off in the sugar productions for the present year.

SO INNOCENT.—The uncharitable disposition of women towards each other has often been commented upon, and their *penchant* for "cutting up" a rival is well illustrated in the following little confab, a day or two ago:

"My dear," said a polite brunette, with magnificent hair, to a lovely blonde, before a party of gentlemen, "how strange it is that though we both had red hair, mine should have grown dark and yours so very light."

Possibly the red in the hair had been transferred to the cheeks, they flushed so very bright; but the polite brunette went on:

"I am positively obliged to keep my hair and wear it, you know, because they won't give me anything for it, light hair is such a rage."

If finger nails could have expressed themselves at that moment, there would not have been enough hair left on the brunette's head to trouble her, we are certain.

Mr. Joseph Archibald of this county, realized, last year, as the fruits of his own labor and that of two little sons, on his farm on the south side of Pamlico river, 9 bales of cotton, 110 barrels of corn, a large quantity of potatoes, peas, &c., besides work enough to serve him this year.—Who can beat that?—*Washington (N. C) Intelligencer.*

SMALL POX.—This loathsome and dangerous disease is having good headway among us, and is spreading slowly but surely over our town. It is now at last reported West Centre street, opposite the old steam mill. We do not learn of any steps having been taken by our town authorities towards selecting some place for a hospital—as they should do—but they let it take its way, and is now very prevelent over town. So far it is confined to the colored population.—*Goldsboro Messenger.*

KEROSENE LIGHTS PERFECTED!

DANFORD'S

Atmospheric

KEROSENE LAMP.

THE ONLY PERFECTLY SAFE LAMP IN USE.

Artificial Light, of some sort, is a universal necessity; a safe, cheap, and brilliant one is a luxury; a luxury, too, only enjoyed heretofore by those living in large towns or cities where Gas is used. Years of study and thousands of dollars annually have been spent by experiments of different kinds, in trying to invent and perfect a Burner or Lamp by which Coal Oil or Kerosene could be burned practically, without the expense and trouble of chimneys; this long looked for and much desired subject has at last been obtained, and is styled the

ATMOSPHERIC KEROSENE LAMP!

Its adaptation to Dwellings, Churches, Railroads, Steamboats, Hotels, Stores, &c., is unsurpassed; in short, this invention brings the luxurious and brilliant Gas Light within the reach of all, whether in the City or Country. It gives the light of a six-foot Gas Burner, for less than one cent per hour, or double the quantity of light, of the ordinary chimney-lamp with one third less oil; will burn, when turned down to a taper light ten hours for one cent; is free from smoke or smell; can be carried from room to room; the wind will not blow it out.

This Lamp is destined to supersede all portable artificial light or chimney lamps now in use and needs only to be seen to be appreciated; thousand of them will find ready sale in every county, no family that uses this light for one evening will again be annoyed with the chimney-lamps. Thousands of them will be used in cities, as this light is one-half cheaper than Coal Gas, and much more pleasant to the eye.

The sole right for the sale of this Lamp can be had for the entire State or the same will be sold by Counties.

Parties purchasing will be supplied, at wholesale, with the lamp and fixtures at reasonable rates.

Immediate application should be made to secure the choice of Counties.

The Lamp can be seen in full operation during the day and evening at the Yarbrough House.

All letters will receive prompt attention and full explanation of the Lamp given.

SAW MILLS.

I AM PREPARED TO PUT UP DOUBLE CIRcle Saw Mills in workmanlike manner for those desiring them.

There are now 440 of these Mills in operation, and in no case have they failed to give entire satisfaction. One advantage of this Mill is, that the sawyer, without changing his position, gives the backward and forward motion to the carriage, with a single lever; and set the log at both ends at the same time, *this is a saving of one hand in the mill.* This is no humbug. I am responsible for what I say. My residence is 20 miles South of Raleigh, on Neal's Creek. For further particulars address me at Raleigh, N. C.

P. J. WRAY.

I will be at Lynn Adams' Store on the 2nd to the 5th of February, where persons desiring to see me will please call.

READ THE FOLLOWING.

Mr. P. J. Wray, Dear Sir:—I am much pleased with my double Circular Saw Mill, built by you. I can cut a line 14 inches deep, 20 feet long, in 45 seconds, with my 12 feet overshot wheel. We have to-day cut 5,000 feet weather-boarding, flooring, and inch board, in eight hours.

Dec 23rd 1869. AL. RIDGE PARTIN.

Mr. P. J. Wray:—We are well pleased with our new double action Mill, that you set to work for us. We can cut twice the amount of lumber that we could with the old Mill of 48 inch saw and same water wheel.

JAMES PENNY.

This last mentioned Mill may be seen on Walnut Creek, 5 miles South of Raleigh.

FRIDAY, JANUARY 28, 1870.

FRAUD INVESTIGATIONS.

Our present Legislature, including all its sessions, bids fair to rival, in its duration, the celebrated "long Parliament of England." It may be that there are other points of resemblance, which, however, we have not, now, time to trace, merely remarking that it is not at all improbable, remembering the place of nativity of many of the representatives in *our* Legislature, that there might be found among them more than one lineal descendant of "Praise-God Barebones," who gave notoriety, indeed name, to the English Parliament in Cromwell's time.

When the history of the present times in North Carolina shall be written, the historian, if he pay proper regard to the order of events, will notice the present Legislature under two distinct phases—namely, the plotting and stealing sessions, and the investigating and running away period.

The first sessions of this Legislature were evidently assiduously devoted, by the party in power, to devising schemes and laying plans to get the largest possible amount of money out of the people, and so arranging the whole matter as to give themselves the widest scope for appropriating it to their own use, without check on their stealing operations or security for the proper application of any portion of it. Not content with the old and hackneyed methods of "defrauding," which had too much of *crinolineism* about it to suit the enlarged ideas and *progressive* notions of those who were bent on "making hay while the sun shines," they sought out new inventions, put in operation new schemes, and practiced new arts, totally unknown to our straight-forward, plodding "old fogies," by which to absorb the largest amounts in the shortest possible time; in short, to get *all* that was to be had, before the day of reckoning and running away should come.

In substantiation of what we have here said, it is only necessary to allude to the extravagant appropriation bills of the Legislature; the heavy taxes laid upon the people; the extra amount of money paid to a swarm of Clerks to the various Boards and Bureaus; the unwise, unnecessary and costly refurnishing of offices and public grounds; enormous prices paid hangers-on for trifling services, (see Comptroller's Report,) the legislative corruption engineered by Littlefield and others; all these things and a thousand others that are familiar to the recollection of every one, sustain the declaration we have made that the guiding spirits of the Radical party in this State, seemed to have no other object in view than to squeeze every cent they could from the people to pad the pockets of carpet bag adventurers, and the native scalawags who joined with them for a share in the spoils.

But there comes a time when such things must cease; when they can no longer be hid, and will be no longer borne. That time has come in North Carolina, as is fully demonstrated by the action of the Legislature at its present session. A great deal of the time, since the present session commenced, has been taken up in investigating fraud and mismanagement to which they could no longer shut their eyes, and which they dare not longer allow to continue unnoticed; except on the part of a few, (and that few may very reasonably be looked upon as the originally wilfully corrupt,) who seem determined to brave it out to the last, utterly regardless of everything but the chance of obtaining more spoils, utterly hopeless of ever obtaining another chance.

But not all the Republican members of the Legislature are corrupt. Many of them who would have recoiled at the mere contemplation of the wrongs and frauds that have been perpetrated, have suffered themselves to be made parties to them under an erroneous notion of party fealty; and in many instances, no doubt, members gave way to one scheme and another, little by little, in hopes that all would be right in the end, and that no such mischief would ensue as was predicted by some. Some began to shrink back a long time ago, but were wheedled or cajoled into the track again, until they could bear the pressure no longer; they had to come out or "be numbered among the transgressors," beyond the hope of retrieval, and hence the movements that are now visible in the ranks of the party.

It is not without pleasure and gratification that we witness these movements to check and uncover the enormous frauds and corruptions that have been practiced with such a high hand. It is a sign of a more healthy public political sentiment, and inspires some hope that exposures now being made will have the effect, (as it has already had in a few instances,) of driving the scheming, plotting swindlers from the State, or of putting them back to their native obscurity, where they will be less potent for mischief.

Let the good work speed on. Notwithstanding the *Standard* may crack the party lash; and Shoffner and Moore, of Chowan, and Seymour, backed by Sleepy Downing, the forlorn hopes of the corruption wing may coax and wheedle, let these who have any regard for integrity of character, or hopes of future favor from the people, show their hands and lend their aid in a speedy cleansing of the political Augean stable, and of restoring confidence and honesty in the official high places of the State.

The Legislature of North Carolina.

SENATE.

THURSDAY, Jan. 27th, 1870.

The Senate was called to order at 10 o'clock.

BILLS INTRODUCED.

By Mr. Graham: To require the Supreme Court of North Carolina to examine applicants who may apply for license to practice law. Referred.

By Mr. Richardson: To relieve C. L. Aldred, tax collector of Moore county.—Referred,

By Mr. Beall: To repeal an act to amend the 1st section of the 93rd chapter of the Revised Code. [This section authorizes the Governor to appoint State Printer and Binder.]

Mr. Beall moved a suspension of the rules in order to put the bill on its several readings, which motion was lost, and the bill was referred.

By Mr. Welker: To provide for the transfer of Insane convicts from the Penitentiary to the Insane Asylum; on his motion, the rules were suspended and the bill passed its several readings.

A. H. Galloway, col: Resolution requesting the Representatives of this State to exert themselves to have the tariff increased on *Foreign Rice* and *Pea Nuts*. That their production in the South may be made profitable. Lies over.

By Mr. Blythe: Resolution as follows, to-wit:

WHEREAS, The patriotic citizens of Raleigh did through their representative, submit to this General Assembly, the liberal proposition, that if the Legislature would locate the Penitentiary at or near this city, they would not only donate a suitable site for the same, but would also donate the sum of ten thousand dollars to aid in the erection of said Penitentiary, Therefore; *Resolved*, By the Senate that the Committee on the Penitentiary be instructed, to report to this body at an early day, whether the aforesaid proposition has been complied with, and if not what steps should be taken in the premises.

Resolved further, That the Secretary of the Senate send a certified copy of this resolution to the Penitentiary Committee.

Mr. Jones of Wake, said he had no doubt, that the gentlemen who pledged themselves for the amount, would comply with their obligations when they are approached in a proper and formal manner.

The resolution was adopted.

FROM THE HOUSE.

A message was received from the House asking for a Committee of conference on the bill to establish a Criminal Court in the cities of Wilmington and Newberne, which was concurred, in and the President announced Mr. Murphy and A. H. Galloway (col.) the Senate board of said Committee.

On motion of Mr. Beall, his resolution setting forth that the Superior Court records of Wake furnish evidence of fraud and corruption on the part of Milton S. Littlefield, State Printer, and requesting the Governor to remove him, was taken up.

Mr. Moore of Carteret moved to lay the resolution on the table, which was lost.

AYES.—Messrs. Burns, Colgrove, Davis, Blythe, Galloway, (col.) Hayes, Hyman, (col.) Jones, of Columbus, Jones, of Wake, Martindale, Moore, of Carteret, Smith, Stephens, and Sweet—14.

Mr. Love offered the following as a substitute for Mr. Beall's resolution to wit:

WHEREAS, At the last session of the General Assembly that Gen. Milton S. Littlefield, who by virtue of the Governor's authority, is State Printer and Binder, and President of the Western Division of the Western North Carolina Railroad, did absent himself from the State, so that he could not be brought before the "investigating Committee," raised by joint resolution on "bribery and corruption;" *and whereas*, at the present session of the General Assembly, on the very night of the day, that the Treasurer of the State, was called before the bar of the House of Representatives, in Committee of the Whole, to answer questions in relation to frauds in Railroad bonds, the said Littlefield, who is said to be cognizant of said frauds again precipitately left the State; *and whereas*, it is now about sixty days, since said Printer, Binder and President as aforesaid, left the State between two days, with charges of fraud daily published against him; *and whereas*, said Littlefield is perfectly oblivious to all such charges; *and whereas*, every member of this General Assembly is knowing to the fact, that Dr. Hawkins, President of the Chatham Railroad, certified on oath before the investigating committee aforesaid, that he paid said Littlefield a fee, to get a bill through this Legislature appropriating $2,000,000 to said Chatham Railroad; *and whereas*, the Grand Jury of Wake county did, at Spring Term 1869, present said Littlefield for attempts to bribe members of this General Assembly; *and whereas*, it is published in the newspapers of New York and Philadelphia, that the said Littlefield, with others, has very recently been engaged in fraudulent uses of the bonds of this State; *and whereas*, it is published in papers in the State of Florida, that the said Littlefield has been presented by a Grand Jury in that State, for criminal conduct, in connection with the Railroads and canals of Florida; *and whereas*, the records of the Superior Court of Wake county—Shaffer vs. Littlefield and others—show that said Littlefield did, in December, 1868, sign a promissory note for $3,000, with the apparent design of swindling innocent parties to the amount of said sum, said note having been, according to the oath of one Churchill, the Agent of said Littlefield, given by said Littlefield to a fictitious person, and without consideration, as appears by the records of said Court; Therefore,

Resolved, by the Senate that the said Milton S. Littlefield is not a proper person to be State Printer, Binder, and President of the Western Division of the Western North Carolina Rail Road, and that the Governor be, and he is hereby requested to take immediate steps for the removal of the said Littlefield from the several positions aforesaid.

Resolved, that the clerk of the Senate furnish the Governor with a certified copy of this resolution, immediately after its passage.

Mr. Lassiter said he had not considered the subject thoroughly, but was of the impression that the best mode to accomplish the object, would be to repeal the act giving the Governor the appointing power.

Mr. Beall said he introduced a bill this morning to repeal the act alluded to by the Senator, and moved a suspension of the rules in order to put it through its several readings, and the Senate refused to suspend the rules.

Mr. Graham said he had examined the Journal of the Senate and could find no record that such a bill had passed the Senate at all, the bill was introduced late in the session and might have been ratified by the officers of both Houses, but he did not believe it ever passed the General Assembly in a legal manner, he thought the matter should be looked into, and if true, it was not a law, and it should not be recognized as such.

Mr. Beall, said he had heard the rumor before that the bill did not pass in a legal manner, and had taken some pains to ascertain the facts. In company with Mr. Hinnant they had examined the Journals carefully and the only record made was that the bill passed its several readings, without any vote being given; they examined further and found no evidence that the bill had ever been engrossed before it went to the House, though the bill was in the office of the Secretary of State and signed by the Speaker of the House and the President of the Senate, this was all the information he could obtain upon the subject.

Mr. Moore of Carteret, moved to refer the whole subject to the Committee on the Judiciary with instructions to report a bill if they deemed it necessary.

Mr. Jones, of Mecklenburg, thought the question could be decided by the Senate without any reference. The repeal of the law would not accomplish the object of removal from office, because the law has reference only to the method of appointment and would apply to the filling of the office in the future. If the resolutions are adopted the action of this body would not be final, the purport of them are simply to point out to the Governor instances of the misconduct of one his appointees, and the manner in which he can inform himself, then he can decide, after an examination into the subject, whether Gen. Littlefield is fit to hold the position or not.

Mr. Welker said the question that presented itself to his mind and which he believed to be the proper view of the subject was, that he was dealing with a State officer, the Public Printer, and the only question for the Senate to decide was whether said officer, had failed to do his duty or violated his contract with the Governor. He did not presume the Senate was going into the trial of moral characters.—If so, he was in for it, and he could bring charges of drunkenness, &c., against numerous State officers. There was no evidence that the State Printer had violated his contract, and until that was shown, the Legislature nor the Governor either had the right to remove him, it mattered not how big a scoundrel he might be, he desired to do what was right, even to a bad man, and he thought this was not the proper mode to pursue.

Mr. Robbins said he thought the point made by the Senator from Mecklenburg was sound, the resolutions authorize the Governor to take proper steps immediately for the removal of the Public Printer, and in taking proper steps he may adopt all necessary legal proceedings to rescind the contract said to have been made with Littlefield. He was opposed to all dilatory motions, and favored an immediate vote on the merits of the resolution.

Mr. Winsted said if a wrong had been perpetrated, and it had been charged that a fraud was perpetrated, the question that suggests itself to his mind was, how shall we correct it? He thought if there had been a fraud perpetrated upon the record, that it was not too late to correct it now and make the journals speak the truth. If it could be shown that the bill did not pass the General Assembly, there was no law under which the appointment could be made and it would therefore be a nullity.

A. H. Galloway, col. said he was surprised at the course of certain Senators who were supporting the resolution; some of them who were assailing the character of M. S. Littlefield, even the very men who were fed and clothed by his benevolence, are now showing their gratitude by stabbing him in his absence under the fifth rib. He was also surprised at the Republicans of the General Assembly who have a large majority, for allowing the Democrats to use them as tools. He should believe the charges in the resolution false, until he (Littlefield) is proven to be guilty by a jury of his countrymen.

Mr. Reaves, said he had before him the journals of the Senate, and House, and found the bill had passed both Houses, it had been ratified by the Speakers of both Houses and it was a law.

Mr. Graham, said that the bills were not in fexed in the journals was the reason that he was misled. He had been shown the page by the Senator from Caldwell, since he had made the statement that it did not appear in the journals.

Mr. Love said it was immaterial whether the law was regularly enacted or not. It would be recognized as the law, and the Governor has the appointing power, if he has that power, he also has the power to remove. It had been shown, beyond a doubt, that this man Littlefield has been guilty of fraud, and he did not hesitate to say that he (Littlefield) was unfit to hold the responsible positions entrusted to him.

Mr. Lindsay said he did not wish to do any man injustice, but he desired to have this matter thoroughly investigated. He hoped the motion to refer the subject to the Judiciary Committee would be voted down and moved that it be referred to a select Committee of three.

Mr. Jones, of Columbus, followed, in a speech of some length, in opposition to the resolutions.

Mr. Brogden did not like the spirit of the resolutions and argured in favor of postponement.

The motion of Mr. Moore, of Carteret, to refer to the Judiciary Committee was voted down, as follows:

YEAS.—Messrs. Beasley, Beeman, Davis, Flythe, Hayes, Harrington, Moore, of Carteret, Shoffner and White—9.

Mr. Lindsay's motion to refer to a special Committee was voted down, to-wit:

UNFINISHED BUSINESS.

The bill to lay off and establish a new county to be called "Dare."

The question recurred upon the point of order raised by Mr. Jarvis yesterday (already stated.)

The Chair overruled the point on the ground that the point was raised too late as it involved the admissibility of a bill after it had passed to its third reading.

Mr. Jarvis then offered an amendment section 4 of the bill to the effect that the matter should be left to a vote of the people of that portion of the county of Tyrell proposed to be embodied in the new county. After some debate Mr. Moore of Chowan, called the previous question.

The call being sustained, the question recurred upon Mr. Jarvis' amendment which was put to a vote and adopted, yeas 44 nays 38. The bill then passed its third reading.

On motion of Mr. Moore, of Chowan, the vote by which the bill just passed its third reading, was reconsidered.

Mr. Moore then offered an amendment to the effect that the question of the establishment of the new county, be left to the qualified voters of all those sections proposed to be embraced in the new county.

The amendment was put to a vote and adopted, and the bill as amended passed its third reading.

J. H. Harris, of Wake, col., moved to reconsider the vote by which the House passed the resolution yesterday, requesting M. S. Littlefield to resign his position as State Printer.

After some discussion, Mr. Justice moved to lay the motion to reconsider on the table, and on his motion called the yeas and nays.

The call being sustained, the motion to lay on the table the motion to reconsider, was adopted by the following ballot:

YEAS.—Messrs. Armstrong, Banner, Barnes, Boddie, Candler, Carson, Clayton, Davidson, Durham, Ellis, Farrow, Ferebee, Gatling, Gibson, Gilbert, Green, Grier, Hawkins, Hicks, High, Hinnant, Hodnett, Humphries, Ingram, Jarvis, Justus, of Henderson, Justice, of Rutherford, Kelly, of Davie, Long, of Chatham, Long, of Richmond, Malone, Matheson, McMillan, Mendenhall, Moore, of Alamance, Nichotson, Painter, Proffitt, Robinson, Shaver, Siegrist, Smith, of Alleghany, Smith, of Martin, Smith, of Wayne, Waldrop, Welch, Whitley, Williams, of Harnett, Williams, of Sampson—50.

Ames, Ashworth, Barnett, Blair, Carey, Cherry, Crawford, Dixon, Downing, Eagles, Forkner, Foster, Franklin, Gahagan, Gunter, Harris, of Wake, Hayes, Hodgin, Hoffman, Horney, Hudgings, Kelly, of Moore, Leary, Mayo, Moore, of Chowan, Morrill, Morris, Pearson, Proctor, Ragland, Rea, Renfrow, Robbins, Reynolds, Seymour, Sinclair, Simonds, Snipes, Stanton, Sweat, Sykes, Vestal, Vest, White, Williamson and Wilson—45.

By Mr. Jarvis: A bill to repeal certain sections of the public laws of 1868-'69, (repealing every section in the various Railroad acts levying a special tax.)

The bill was referred to the Committee on Internal Improvements, ordered to be printed and made special order for Wednesday next at 12 o'clock.

On motion of Mr. Malone, the bill to amend the general corporation act was taken up and passed its third reading.

Mr. Downing offered the following resolution:

WHEREAS, Charges have been made in this House against the State Printer; Therefore,

Be it Resolved, That a Committee of three be appointed by the Speaker, *pro tem.*, to investigate the whole matter and report to this House at as early a day as possible.

Harris, of Wake, col., offered the following as a substitute:

WHEREAS, Rumor has charged M. S. Littlefield, State Printer, with charging an unfair and enormous price for the public printing, &c.; Therefore,

Resolved, That a Committee of three be appointed to investigate the matter and report to this House at the earliest day practicable,

Resolved, That Messrs. Ames, Argo, and J. M. Justice, be appointed as said Committee.

On motion of Mr. Moore, of Chowan, the preamble of the substitute was amended so as to read:

"*Whereas*, Charges have been made by the gentleman from Rutherford, &c."

Mr. Ingram moved to add an additional section that said Committee have power to send for persons and papers.

Mr. Robinson proposed a substitute for Mr. Ingram's amendment, that said Committee have power to send for persons and papers, take testimony, administer oaths and examine witnesses.

Mr. Ingram accepted the substitute.

The substitute offered by Harris of Wake was adopted as amended and the proposition as amended was then adopted.

On motion of J. W. Leary, (col.) the rules were suspended and the bill to incorporate the Peoples Manufactory, Loan and Trust Company of Lumberton was taken up and passed its several readings.

On motion the House then adjourned.

A Body and Mind Disease.

Such is dyspepsia. The stomach and the brain are too intimately allied for the one to suffer without the other, so that dyspepsia and despondency are inseparable. It may be added, too, that irritation of the stomach is almost invariably accompanied by irritation of the temper.

The invigorating and tranquilizing operation of Hostetter's Bitters is most powerfully developed in cases of indigestion. The first effect of this agreeable tonic is comforting and encouraging. A mild glow pervades the system, the chronic uneasiness in the region of the stomach is lessened, and the nervous restlessness which characterizes the disease is abated. This improvement is not transient. It is not succeeded by the return of the old symptoms with superadded force, as is always the case when unmedicated stimulants are given for the complaint. Each dose seems to impart a permanent accession of healthful invigoration. But this is not all. The aperient and antibilious properties of the preparation are scarcely secondary in importance to its tonic virtues. If there is an overflow of bile the secretion is soon brought within proper limits, and if the biliary organ is inert and torpid it is toned and regulated. The effect upon the discharging organs is equally salutary, and in cases of constipation the cathartic action is just sufficient to produce the desired result gradually and without pain. The Bitters also promote healthy evaporation from the surface which is particularly desirable at this season when sudden spells of raw, unpleasant weather are apt to check the natural perspiration and produce congestion of the liver, coughs, and colds. *The best safeguard against all diseases is bodily vigor*, and this the great Vegetable Restorative essentially promotes.

PRATT'S "ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the best and *safest* Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article, Pratt's "Astra" Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors.

THE SENTINEL.

CITY AND STATE ITEMS.

FRIDAY, JANUARY 28, 1870.

IRBY, N. RAMSEY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

New advertisements of this morning will be noticed particularly in to-morrow's issue. Read them, however, to-day

MERCHANTS' FIRE COMPANY.—The Merchants Independent Fire Company, No. 1, will meet at the Court House, on Monday night next, 31st inst., at 7½ o'clock, by order of the Foreman.

We have complaints of the bad management and uncertainty of the Post Office at Boon Hill. If things continue as they are represented to us, we shall make special enquiries and give the results in a hastily written notice; and when we write hastily we are not, as a general thing, very complimentary.

THE LA RUE MINSTRELS.—The advertisements are out and bills up for three performances of this troup, next week, Wednesday, Thursday and Friday, at Tucker Hall. No troup of minstrels that has visited us since the war, has come heralded with such high encomiums by the public press as this. Their merits are placed upon the ground of their excellence as musicians, superior manner of rendering the new and popular songs of the the day and their original and comic style of fun.

We are led to the conclusion, from the favorable notice of the La Rue minstrels, in the Virginia papers, that the company is one of superior merit, and worthy the patronage of those who love good music and fun combined. The troup consists of eighteen members, and they bring a band of instruments with them.

As harbingers of the peformers and instruments of this band, the base drum, in the shape of "the phat boy," has been in the city since Wednesday, posting bills and making other arrangements for the advent of the Company. This "phat boy," is a stunner, all the way from Rochester, where the "spirit rappers" were born. We suppose that *rapping* for *spirits* has something to do with his latitudinous proportions, in which we are confirmed by his declaration that he never drank a "*single*" glass of spirits in his life.

THE MESSENGER.—We would call special attention to the card of MRS. F. M. BUMPASS, editress of the *Messoge*, Greensboro'. Mrs. B. has, with an almost unprecedented perseverence, kept up the publication of the *Messoge*, even under the difficulties surrounding newspaper publication during and since the war.

The *Messoge* is truly a religious paper, and while we would bespeak for it an increased patronage from all, would specially commend it those who desire to take and read a paper breathing sentiments of pure and simple piety. The connection of Rev. A. W. Mangum with the editorial department will give it an additional interest and claim to public patronage.

ACKNOWLEDGEMENT.—We tender our thanks to the committee of invitation, for a complimentary ticket to the 25th anniversary celebration of the Euzelian and Philomathesian Societies of Wake Forest College, on the 11th February, prox., at 7 o'clock, P. M.

The Orators of the occasion are, R. E. Royall, of Wake Forest, of the Euzelians, and C. M. Seawell, of Carthage, N. C., of the Philomathesians.

THE "DALBY PUFF" Smoking Tobacco, is the brand of a new article of smoking tobacco, the manufacture of which has just been commenced at Tally Ho, Granville county, in this State, by Mr. E. Dalby.

The "Puff" is made of the genuine article of Granville county tobacco, the same that the "Durham" is made of, and manufactured right where it is grown.

The label says "try it;" we did try it and find it excellent.

A HORRID SIGHT.—Quite an excitement was created, yesterday afternoon, by the appearance on Hargett Street, of a very showily dressed female, in a state of drunkenness, an object of disgust and ridicule to numbers of boys and others, who saluted her with hootings and derision.

She was once an innocent babe, caressed by a tender mother, and the pride of an indulgent father. She grew up a respectable girl, and when arrived at womanhood, won the heart of an intelligent young man, and became a happy wife. The seducer came, his arts were successful and she fell, and now she is a drunken, degraded outcast in the streets of Raleigh. May he who sees not as man sees, pity her!

READ IT.—The record of proceedings in the Senate, yesterday, is of an interesting character. We cannot allude to the subject particularly, but ask every one, interested in public affairs, and those who control them, to read the proceedings.

PAINFUL ACCIDENT.—We learn that Mr. Charles D. Upchurch, of this city, while stepping on the train at the Depot, Wednesday night, dropped a pistol, which fired off and the ball passed through the flesh of the leg, below the knee. The wound, though a painful one, is said not to be dangerous.

A Stitch in Time Saves Nine.

If you have a cough, do not neglect it; thousands go to an untimely grave by neglecting what they call "a slight cold." These slight colds are very insidious. They soon become deep-seated, and defy all remedies. DR. TUTT'S EXPECTORANT will cure it. It can be had of any Druggist.

Tested by Time.—For Throat Diseases, Colds, and Coughs, "*Brown's Bronchial Troches*" have proved their efficacy by a test of many years. The good effects resulting from the use of the Troches have brought out many worthless imitations. Obtain only "Brown's Bronchial Troches."

ELEVATE YOUR GUNS.

Littlefield, the absconding swindler, and friend of the Governor, speaks through the *Standard* every day. His paper on Wednesday said, "The manner in which Legislative affairs have progressed of late, have been very unsatisfactory to every Republican in the State. Everything has worked badly, and owing to divisions in the Republican ranks. Republicans should no longer suffer themselves to be made tools to work against their own party; it is time you should drive out the traitors and spies who are counselling you to your own ruin.—Blind that you are, you do not see that which is seen by Republicans all over the State, that you are ruining your party and injuring the people who elected you. Cast out the spies and traitors; they are thick among you and your most secret plans are known to your enemies. There has been too much temporizing; too much hob-nobbing with our enemies, too much seeking after Democratic applause; too much fear of Democratic criticism, and too many weak minds and still weaker knees."

This is refreshing, when we remember that it is from the paper of an absconding carpet-bag swindler. This article was written because there were resolutions politely asking the swindler to resign as State Printer.

The resolution calling on the swindler to resign as State Printer, passed the House by a vote of 52 to 34, every negro and carpet-bagger voted against it. The swindler's paper, on Thursday says:

"Yesterday the House passed a resolution calling upon the State Printer" (Littlefield) "to resign his office.

We confess we are much surprised at such a measure passing the Republican House. If the Republican members have forgotten how often they have relied upon the *Standard* as their sole support in the hour of trial, we have no wish to remind them of it.

If they have forgotton, how often the *Standard* has been their only defender in the hour of danger, we have no wish to remind them of it. We do not wish to urge past *services* as a rebuke to injustice done in the present. If the Republicans of the Legislature choose to forget these things, we shall not seek to force them upon unwilling ears. We might reproach those Republicans who, forgetful of past favours, have turned against us, but we have no reproaches to make."

We have given quotations from the swindler's paper of Wednesday and Thursday, they are different and unlike in their temper, tone and character.

The *Standard* says, he is unwilling to remind Republicans of past favours; well, this is proper in Littlefield, but *we* will remind Republican "hands" of past favours received from the *Standard* man:—

1st. We say, Governor, remember that $20,000 for your old press and type.

2nd. Senator Lassiter, remember $20 per acre for your kildee land.

3rd. Stephens, (not chicken,) remember the loan of $1,200.

4th. Leflin, remember the note payable to "James Smith" for $3,000.

5th. Mr. ————, remember that gold watch and chain.

6th. All hands, remember $10,000 spent in the bar room established in the Capitol for your accommodation, $4,000 of which is, this day, due to Backalan.

"Hands," where's your gratitude? If you turn Littlefield out as State Printer, he will feel he has cause to think you a set of ungrateful scamps. "Hands!" sweet "hands!" as you remember watches, chains, money presents, gin slings and whisky punches, don't turn the swindler out!

Even Holden shows too much gratitude for that. He will not turn him out, nor will he tell, in a special message, what he knows about the swindle in State bonds.—Grateful Governor! "Hands," look at him! imitate him! say not a word about the swindler, Milton S. Littlefield.

NEW COUNTY MAP.—We have before us a map of the county of Chatham, drawn by Capt. N. A. Ramsey, of Pittsborough, and engraved by Snyder, Black and Sturn, New York. The map is gotten up in excellent style, of two miles to the inch, gives the Township divisions of the county, the streams, roads, post offices, churches, mills, and even the farms. It also maps the coal fields, lying partly in this county, and partly in Moore.

This is the best county map we have ever seen, and will prove of great advantage to the people of Chatham.

MUSICAL.—We are not much of a musician, but we hail with joy, any movement tending to cultivate the musical taste of our people. We learn that some of our choir members propose to call a musical Convention, to meet in this city, the last of February. The object of this convention will be to inaugurate measures to awaken an increased interest in the subject of music in our State. In these discordant times we hope that the projectors of this movement may harmonize in a plan that will call together the musical talent of our State. We learn that a gentleman who has had great experience in conducting such conventions, has consented to be present. When we are more fully informed of the details, we will allude again to this subject.

Wednesday Night Dispatches.

WASHINGTON.

WASHINGTON, Jan. 27.—Revenue to-day $375,000

The Virginia bill has been signed by the President and sent to the Senate.

Col. Pennybaccar will command in Mississippi vice Ames, who has leave of absence.

The Committee on Military Affairs have agreed to report a bill appointing a Committee of five to examine all officers below the rank of Brigadier General, with a view of dismissing the incompetent.

SENATE.—Howell, elected from Iowa, was sworn in.

Resolutions from the Kansas Legislature were presented, asking the removal of the Capitol to Leavenworth.

After the introduction of two or three bills the currency bill was resumed and discussed until adjournment.

HOUSE.—The Committee on Mines were directed to investigate the Avondale disaster, and report whether Congress has power to regulate mining.

The General of the army was asked whether any officers were receiving pay as civil officers.

The League Island Navy Yard bill was tabled. Yeas 94, Nays 67.

The bill extending New Orleans passed and goes to the President.

The House resolved itself into Committee of the Whole on the civil appropriation bill.

Butler read a long speech, dealing mostly in figures but attacking Mr. Dawes very sharply.

Dawes closed his reply as follows: "I am ready, and I contemplate voluntarily myself to submit to the judgment of my constituents whether I have been faithful. I do not, however, in view of the duty of the hour, which is to call attention to the expenditures, proposed to be diverted from that grave duty by any petty debate here with any live man on the miserable and unimportant question of my wisdom or folly.—I trouble not myself about my record. If I coolly cast a look at it, it will vindicate me; if it do not, it will not make any difference, and now I move that the Committee rise."

FOREIGN.

MADRID, Jan. 26.—Elections for vacancies as far as heard from show 5 Orleanist, 5 Progressionists, 6 republican and 1 Carlist.

LONDON, Jan. 26.—A great meeting was held to promote emigration to the Provinces; the Lord Mayor presided.

A writer in the *Times* is astounded at the annexation of San Domingo which is only adding other negro communities to those so difficult to manage now.

MARKETS.

LIVERPOOL, Jan. 26.—Cotton buoyant, Uplands 11¼, Orleans 12. Sales 16,000 bales.

Thursday Evening Dispatches.

WASHINGTON.

WASHINGTON, Jan. 27.—Senators Edmunds, Carpenter and Ferry, in considering the Georgia bill favor a new election throughout the State, or the reinstallation of Gen. Ruger as Provisional Governor. Both a new election and reinstallation seem probable. Much dissatisfaction and difference of opinion exists in Congress about Georgia.

Porter announced the approval of the Virginia bill. Platt, Ridgeway and Multhe have been seated. The House voted to seat Porter, but he with Hare and Gibson were not present, but will be seated upon appearing at the bar of the House. Booker, McKenzie and Segar are held by the Election Committe for further consideration.

In the Senate the resolution nullifying decisions of Revenue officers regarding whisky seizures was indefinitely postponed. This action releases a million dollars worth of California whisky. No action yet regarding the Virginia Senators.

HENRY'S CARBOLIC CONSTITUTION RENOVATOR, OR BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid ex ract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villainous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without disease, and both be same infected alike. Men, women and children throughout all the West are most woefully diseased from this cause, and knew not, until a few months ago, the origin of it

Henry's Constitution Renovator

Relieves the entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN.

It imparts a

Sparkling Brightness to the Eye.
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all Sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbus, Mo., I suffered tortures with running sores. Since I used two bottles I am entirely well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

KIDNEYS, RETENTION OF THE URINE, &c.

And for Female Diseases,

Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

H. H. GOODLOE, General Agent for N. C.
D. W. COURTS, " Solicitor.
DR. E. BURKE HAYWOOD, Examining Physician.
GEN'L S. B. BUCKNER, Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

OFFICE, ON FAYETTEVILLE STREET, OPPOSITE THE POST OFFICE:

The rooms lately occupied by Geo. M. Whiting, Esq.; where the Agent will be pleased to give any desired particulars.

SUCCESS THE CRITERION!

THE BEST MANAGED IS THE BEST COMPANY!

DE SOTO MUTUAL LIFE INSURANCE COMPANY, OF ST. LOUIS, MISSOURI.

JAMES H. LUCAS, President.

CAPITAL STOCK, (PAID UP.) $150.000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of comment to us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coast wise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

And $5,000 ready to pay a loss of No, 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,34
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 569 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,327 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested net assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
